

BUILT FOR PERFORMANCE DESIGNED FOR OPERATORS

BT levio

W-series
Electric Powered Pallet Trucks

Capacity: 1.4 ~ 2.5 ton

Fast and powerful yet safe and easy to use, BT Levio electric-powered pallet trucks cater to all your horizontal pallet transport needs. These compact and lightweight units offer optimum drive strength, ensuring trouble-free operation.

Productivity

- Upfront Display: Hour meter, battery status, and error codes
- Click-2-Creep mode for precise movement in tight spaces

Driveability & Control

- Ergonomic tiller arm with $\pm 93^\circ$ steering angle
- Programmable drive profiles for different users and applications
- 5-wheel configuration for better stability
- Simple and intuitive tiller arm control

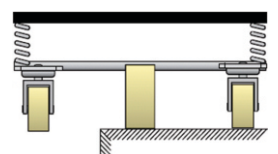

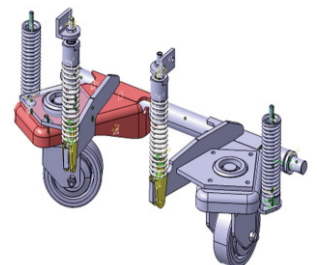

Built-in Safety

- Low central tiller arm for true walk-behind operation
- Emergency stop switch & horn buttons for alerts
- Auto shut-off if the truck is left unattended, preventing unauthorized use
- Chassis with rounded corners and low ground clearance for foot protection
- Pin code system for authorized access
- Anti-roll back feature for enhanced safety

Durability & Easy Maintenance

- Durable motor & battery covers made of PC/PBT material for enhanced protection
- Quick-connect hydraulics and spiral steering cable for efficient operation
- Easy access design for faster and more convenient servicing
- BT caster link for improved stability

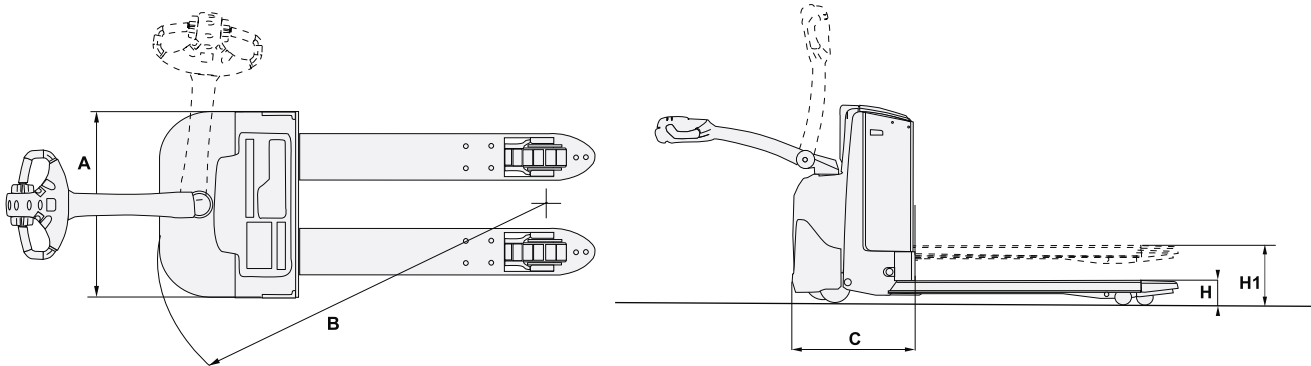

BT Levio Electric Powered Pallet Trucks
